2016 Residential Soil Study Landowner Results Letters

Dear Laura:

Teck American Incorporated (TAI) is pleased to submit, on the enclosed USB flash drive, electronic copies of results letters that we prepared for landowners who participated in the 2016 Residential Soil Study. The letters were mailed today with the exception of the Tribal Allotment sampling results for Residence IDs 801 through 808. I will send the information contained on the enclosed flash drive for these Residence IDs directly to Patti Bailey, Cindy Marchand and Whitney Fraser as you requested.

I look forward to working with you to answer and questions that we may receive from landowners as they receive their letters. If you have any questions please give me a call at (509) 623-4501.

Sincerely,  
**Teck American Incorporated**
